

OCTOBER 2008

NEW TECHNOLOGY

Did you know that Amico Source now carries Hitachi Scroll Compressors? This new technology enables us to build more efficient 7.5 hp, 10 hp or 15 hp systems. Some of the benefits of using scroll technology are:

- Systems are compact and low weight
- Reliable for intermittent and continuous operation
- Low noise levels
- Virtually no vibration
- Easy to Maintain
- 100% oil-free air
- Excellent choice for system upgrade or replacement
